The North Carolina-Triangle Chapter of the International Institute for Sustainable Laboratories (I²SL) cordially invites you to our next meeting to be held Tuesday, September 13, from 4:00 PM-6:00 PM at Syngenta. Our mission is to foster collaboration, education, and innovation for designing, operating, and sustaining safe and efficient laboratory environments for the research, education, and healthcare community in the Research Triangle, North Carolina, area. The North Carolina-Triangle Chapter seeks to be the leading resource in the region for like-minded individuals to collaborate and foster ideas and principles for optimizing sustainability in critical environment facilities.

Current [I²SL Members](#) and [non-members](#) are welcome and encouraged to attend.

Join us for a tour of Syngenta's new Green Globe Certified Innovation Center in RTP. There

will be a brief overview and description by the A/E Team with a Lab tour following.

The presentation will include a description of the facility's:

- Two buildings with a 4-story atrium
- 3 story, 75,000 sq. ft. Administration Building
- 4-story, 125,000 sq. ft. Lab Building
- Adjoining Buildings, which include:
 - Head House
 - Greenhouse
 - Central Utility Plant

Please join us on September 13. Refreshments will be provided. **Please note: For Syngenta security purposes, attendees must RSVP by September 1 in order to attend.**
