

I²SL CONFERENCE EXTENSION IN BOULDER, COLORADO

Breaking silos through partnership for the benefit of efficient, successful laboratories

University of Colorado Boulder Campus

October 23-24, 2019

(Extend your 2019 conference by joining us in Boulder!)

October 23 2:00 p.m. to 4:30 p.m. Tour

October 24 9:00 a.m. to 3:00 p.m. Sessions

Increase your learning at the 2019 I²SL Conference by joining us in Boulder after the main event in Denver. Come take a **behind the scenes look at the strategies that the University of Colorado (CU) Boulder uses to form partnerships between campus stakeholders to break down silos and create a collaborative approach to efficient and successful laboratories.** On Wednesday afternoon, travel to Boulder from Denver to attend a tour of CU Boulder laboratory buildings to learn firsthand about CU Boulder lab conservation efforts. On Thursday, October 24, 2019, a one-day event for anyone interested in growing collaboration on research university campuses will be offered focusing on cross-disciplinary, cross-stakeholder laboratory efficiency projects at CU Boulder, including a lunchtime networking opportunity with key CU Boulder employees in various roles.

Presenters include:

- World-renowned scientists
- Research administration
- Campus leadership
- Lab operators
- Green lab staff

TOUR

Visit laboratory buildings at the University of Colorado to see the "Partnering for Efficient Labs" concept in action.

DISCOVER

Discover innovative approaches and projects at CU Boulder that have emerged from partnerships among campus stakeholders in different roles, including scientists, laboratory building operation managers/staff, research administration, campus leadership, environmental health and safety, facilities management, procurement and green labs staff.

ENJOY

Optional evening activities will be planned for fun outings around Boulder. You can also check out Boulder and enjoy the famous Flatirons, Chautauqua Park, and historic Pearl Street Mall.

Come learn about CU Boulder's approach

Note: Participants should travel to Boulder on Wednesday afternoon, and will need to make their own hotel arrangements in Boulder for the evenings of Wednesday (and Thursday if needed). Public transportation options from Boulder to Denver International Airport are easily accessible and offered multiple times daily.
