Laying Down the Bylaws

Dear I²SL Chapter Officers,

As your chapter continues to grow and develop, you may want to consider developing chapter bylaws. Bylaws are important for establishing rules on how the chapter will operate, articulating roles and responsibilities, and formalizing how the chapter will make decisions.

The Executive Advisory Committee developed a [Chapter Bylaws Template](#) as a starting point. The template is designed to be customized for your chapter. You can also access the bylaws from the [Arizona Chapter](#) and the [New England Chapter](#) as examples.

Thank you for your continued support of I²SL!
